1. Application Procedure

a. Application for enrollment of a new cooperator in the Deer Management Assistance Program (DMAP) must be submitted to the Department of Wildlife and Fisheries by August 1. Application for the renewal enrollment of an active cooperator must be submitted to the Department of Wildlife and Fisheries annually by September 1.

b. Applicants will select from 1 of 4 levels of DMAP participation. Level 1 participation is limited to

qualifying clubs of 500 acres or more, and will require collection of complete harvest data, including jaw bone removal, weights, antler measurements, and checking females for lactation. file from the previous hunting season. This information will remain on file in the appropriate ~~regional~~ Ecoregion Field office. ~~The applicant must have under lease or otherwise control a minimum of 500 acres of contiguous deer habitat of which up to 250 acres may be agricultural lands, provided the remainder is in forest and/or marsh. ~~e e. Each cooperator will be assessed a \$25 enrollment fee and \$.05/acre for participation in the program.~~
DMAP fees must be paid ~~by invoice~~ to the Department of Wildlife and Fisheries Fiscal Section prior to September 15.

~~d f.~~ An agreement must be completed and signed by the official representative of the cooperator and submitted to the appropriate ~~regional wildlife~~ Ecoregion Field office for approval. This agreement must be completed and signed annually.

e g. Boundaries of lands enrolled in DMAP shall be clearly marked and posted with DMAP signs in compliance with R.S. 56:110 and the provisions of R.S. 56:110 are only applicable to property enrolled in DMAP. DMAP signs shall be removed if the land is no longer enrolled in DMAP. Rules and regulations for compliance with R. S. 56:110 are as follows:

i. The color of DMAP signs shall be orange. The words DMAP and Posted shall be printed on the sign in letters no less than 4" (four inches) in height. Signs may

h. By enrolling in the DMAP, cooperators agree to allow Department personnel access to their lands for management surveys, investigation of violations and other inspections deemed appropriate by the Department. The person listed on the DMAP application as the contact person will serve as the liaison between the DMAP Cooperator and the Department.

i. Each cooperator that enrolls in DMAP is strongly encouraged to provide keys or lock combinations annually to the Enforcement Division of the Department of Wildlife and Fisheries for access to main entrances of the DMAP property. Provision of keys is voluntary. However, the cooperator's compliance will ensure that DMAP enrolled properties will be properly and regularly patrolled.

j. Large acreage ownerships ~~landowners~~ (>10,000 acres) may further act as cooperators and enroll additional non-contiguous tracts of land deemed sub-cooperators. Sub-cooperators shall be defined by the large acreage ownerships ~~landowner~~ lease agreements. Non-contiguous sub-cooperator lands enrolled by large acreage ownerships will have the legal

description and a map included for those parcels enrolled as sub-cooperators. Sub-cooperators shall be subject to the same requirements, rules and regulations as cooperators. ~~The \$25 enrollment fee will be waived for sub-cooperators when the sub-cooperator land is included in the cooperator's enrollment acreage.~~

k. Level 1 DMAP Cooperators may hunt deer with modern firearms for up to an additional 30 days where sufficient breeding data exists and supports such an extension. The additional days may be allocated prior to, afterwards, or in combination of both, relative to the regular Area season.

2. Tags

a. A fixed number of special tags will be provided by the Department to each cooperator/sub-cooperator in DMAP to affix to deer taken as ~~authorized~~ specified by the program participation level. ~~These tags shall be used only on DMAP lands for which the tags were issued.~~ These tags shall be used during all seasons. Tags are only authorized on DMAP lands for which the tags were issued.

~~b. All antlerless deer (and antlered deer if special antlered tags are issued) taken shall be tagged, including those taken during archery and primitive firearms seasons, and on either sex days of gun season.~~

e b. Each hunter must have a tag in his possession while hunting on DMAP land in order to harvest an antlerless deer (or ~~an~~ antlered deer if ~~special antlered tags are issued~~ antlered deer tags are issued) deer. The tag shall be attached through the hock in such a manner that it cannot be removed before the deer is transported. The DMAP tag will remain with the deer so long as the deer is kept in the camp or field, is ~~in route~~ enroute to the domicile of its possessor, or until it has been stored at the domicile of its possessor, or divided at a cold storage facility and has become identifiable as food rather than as wild game. The DMAP number shall be recorded on the possession tag of the deer or any part of the animal when divided and properly tagged.

~~d~~ c. DMAP tagged antlered or antlerless ~~Antlerless~~ deer harvested on property enrolled in DMAP do not count in the daily or season bag limit ~~for hunters~~.

~~e. Special antlered deer tags may be issued on property enrolled in DMAP to increase the antlered deer harvest if a Regional or Deer Program biologist deems it necessary for herd health or habitat management purposes. DMAP tagged antlered deer will not count in the daily or season bag limits.~~

~~f~~ d. All unused tags shall be returned by March 1 to the ~~regional wildlife~~ Ecoregion Field office which issued the tags.

3. Records

a. Cooperators/sub-cooperators are responsible for keeping accurate records on forms provided by the Department for all deer harvested on lands enrolled in the program. Mandatory information includes tag number, sex of deer, date of kill, name of person taking the deer, ~~hunting license number~~ LDWF i.d. number ~~(transaction number, authorization number, lifetime number or date of birth for under 16 and over 59 years of age)~~ and biological data (age, weight, antler measurements, lactation) as deemed essential by the Department of Wildlife and Fisheries Deer Section. Biological data collection must meet quality standards established by the Deer Section. Documentation of mandatory information shall be kept daily by the cooperator/sub-cooperator. Additional information may be requested depending on management goals of the cooperator/sub-cooperator.

b. Information on deer harvested shall be submitted by March 1 to the ~~regional wildlife~~ Ecoregion Field office handling the particular cooperator/sub-cooperator.

c. The contact person shall provide this documentation of harvested deer to the Department upon request. Cooperators/sub-cooperators who do not have a field camp will be given 48 hours to provide this requested documentation.

B. Suspension and cancellation of DMAP Cooperators/Sub-Cooperators

1. Failure of the cooperator/sub-cooperator to follow these rules and regulations may result in suspension and cancellation of the program on those lands involved. Failure to make a good faith attempt to follow harvest recommendations may also result in suspension and cancellation of the program.

a. Suspension of cooperator/sub-cooperator from DMAP. Suspension of the cooperator/sub-cooperator from DMAP, including forfeiture of unused tags, will occur immediately for any misuse of tags, failure to tag any antlerless deer, or failure to submit records to the Department for examination in a timely fashion. Suspension of the cooperator/sub-cooperator, including forfeiture of unused tags, may also occur immediately if other DMAP rules or wildlife regulations are violated. Upon suspension of the cooperator/sub-cooperator from DMAP, the contact person may request a Department of Wildlife and Fisheries hearing within 10 working days to appeal said suspension. Cooperation by the DMAP cooperator/sub-cooperator with the investigation of the violation will be taken into account by the Department when considering cancellation of the program following a suspension for any of the above listed reasons. The cooperator/sub-cooperator may be allowed to continue with the program on a probational status if, in the

judgement of the Department, the facts relevant to a suspension do not warrant cancellation.

b. Cancellation of cooperator/sub-cooperator from DMAP. Cancellation of a cooperator/sub-cooperator from DMAP may occur following a guilty plea or conviction for a DMAP rule or regulation violation by any individual or member hunting on the land enrolled in DMAP. The cooperator/sub-cooperator may not be allowed to participate in DMAP for one year following the cancellation for such guilty pleas or conviction. Upon cancellation of the cooperator/sub-cooperator from DMAP, the contact person may request an administrative hearing within 10 working days to appeal said cancellation.
